Social Run Risk Assessment

Event Organiser

Date

Safety issue?	Measures needed?	Action?
1 Excessive Speed	Review route and check sections where machines may be subject to over speed	Advice to riders – on the route sheet
2 Narrow Lanes	Proceeding with caution	Advice to riders
3 Rough unsealed roads	Roads selected that can be ridden on road tyres	Advice to riders
4 Distraction looking for signs especially	Select route to maximize the use of visible signs (avoid u turns)	Consider trimming foliage – be aware of routes planned before summer hedge growth
5 Stopping	Safe places to be selected where multiple riders can stop safely	Ensure sufficient space at any planned stops including start and end points
6 Hazardous junctions	Care and attention	Advice to riders – mark on route sheets where appropriate
7 Group riding	Limit groups sizes to match roads being ridden	Advice to riders and consider staggered starts if appropriate
8 Fatigue /feeling unwell	Advice to riders – be aware of the length and type of the ride and also the weather conditions	Question and check at time of signing on and advice on signing on sheet
9 Poor machine condition	Advice to riders	Alert riders to difficulties or challenges at time of signing on
10 Adverse weather	Consider cancelling the event or altering the course	Event organizer to check weather and make the decision at tie of signing on or before
